**Autumn Edition October 2013**

## Winchester Practice

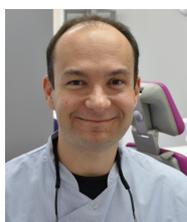

### Meet our New Staff

#### Associate Dentist Vladimir Fazeka joins Iosis Winchester

Vlado qualified in 2002 in Kosice, Slovakia. He worked as a dentist and clinical teaching fellow at the UPJS University, He relocated to the UK in 2006, and has worked as an associate dentist and clinical advisor in the New Forest area before coming to join our team at Iosis.

Vlado's main interests are restorative and aesthetic dentistry. He is passionate about looking after his patients and likes to help them experience comfortable, pain-free dental treatment whilst achieving the smile they've always wanted!

In his spare time, Vlado enjoys running, going to the gym, reading and travelling.

### WELCOME

to our first patient newsletter from us all at Iosis Dental Clinic Winchester.

We like to keep our patients up to date, not just about the practice but also the latest advances in dentistry and dental care. We will be issuing **4 newsletters** each year, by email and on our web site. Please also look out for our promotional emails with lots of new offers!

### Love your Smile

A smile doesn't have to be perfect for you to be happy with it. Lots of people like the little quirks and characteristics of their own smile - Madonna, for example, is said to like the slight gap in her teeth and has no intention of changing it.

But for people who feel they would like their smile enhanced, there are certain key considerations which we take into account when planning their treatment. The first has to be the expectations of the patient.

#### Associate Dentist Jinal Patel joins Iosis Winchester

Jinal was born and brought up in Southampton and qualified from the University of Birmingham in 2010. Jinal has worked as an Oral and Maxillofacial Senior House Officer at Queen Elizabeth Hospital Birmingham alongside some fantastic surgeons who helped develop her skills in oral surgery. She went on to provide care in the community dental service where she carried out dental treatment for anxious, vulnerable and medically compromised adults and children and gained experience in sedation. Following this she took up a post at the Birmingham Children's Hospital
